

## 2600mAh Power Bank

- A) LED Indicators (Red/Blue)
- B) On/Off Switch
- C) Power Input (Micro-USB)
- D) Power Output (USB Type A)

Red LED indicates charging status. Lit state shows charging, unlit state shows charged/disconnected.

Blue LED indicates discharging status. Lit state shows discharging, unlit state shows OFF.

NOTE: Not suitable for use with high-amperage or rapid-charge USB sockets.
